

The image features a background photograph of a floor profile installation. A wooden floorboard is being placed over a concrete subfloor, with a metal profile and a green adhesive strip visible. The scene is framed by several overlapping colored squares: orange, dark blue, light grey, and magenta. The Arbiton logo is positioned in the upper left area.

Arbiton
FLOOR EXPERT

FLOOR PROFILES

MORE THAN ...
just profiles

Innovation, quality and know-how
– since 1994 we've been investing
in knowledge, technology
and our machinery park.

We aim to become market LEADER
wherever we are present.

MORE THAN...

...DESIGN

Every year A.DESIGN studio analyzes trends, changes in consumer preferences and hundreds of new floor colors. That's why we can create customer orientated solutions.

...TECHNOLOGY

Our inhouse floor laboratory is testing hundreds of floors from all major manufacturers to improve our accessories and create functional floor system. That's why, we know the strongest and weakest points of all types of floors.

...MANUFACTURE

We are an European leader for production of floor accessories. Our technological development allows us to offer great portfolio of products.

We try harder,
we are the
FLOOR EXPERT

FOUR GROUPS OF PROFILES DEPENDING ON THE PURPOSE

DILATATION PROFILES

FLOOR AT THE SAME LEVEL

They are used to connect floors at the same level. You can connect with them any type of floor, eg with a ceramic tiles. A wide range of colors allows you to match color to any floors. You can also choose a profile in silver or titanium.

LEVELING PROFILES

FLOORS AT DIFFERENT LEVEL

They are used to connect floors with different level. The differences are usually small, several millimeters, however, to aesthetically eliminate them it is necessary to choose the right profile.

FINISHING PROFILES

They are used to finish the floors, mask the dilatation gap, in places where it is not covered eg by skirting board. It's about niches at the entrance or balcony door.

STAIRS PROFILES

They are used to finish the edges of steps. Some profiles of this type have an additional layer non-slip to ensure a safe finish stairs.

SYMBOLS

MAX DILATATION: __mm

This information shows maximum gap between floors, that particular profile can cover. For floor dilatation – look floor producers recommendations.

PROFI SOLUTION

Profiles for the most demanding clients. Professional assembly systems, narrow and extra flat solutions.

MAX LEVELING: __mm

This information shows maximum height difference between floors, that particular profile can cover. When calculating the height, always count the whole flooring system – floor + underlay/glue.

INOX COLOR

New Arbiton color. Inox is a brushed steel in two shades. Perfect match to house fittings like door or window handles.

SUPER FLAT

From designers point of view, best profile is the flattest and smoothest one. Arbiton delivers new, extra flat solution, perfect even for the most demanding clients.

DILATATION GLUE

Special hot melt glue formula for profiles. Floor profile stays strongly fitted but allows floor to expand and contract.

SCREWS - SAFE FOR DIY

Traditional, metal screws can easily damage the profile during installation. Also visible screw head appears on surface of the profile. With Arbiton screws floor profiles can be installed with no worries, even without any experience - perfect for DIY.

SILICONE BARRIER

Silicone layer added to all Arbiton screw fix profiles, to protect against dirt getting under the profile.

COLOR SYSTEM

THE MOST UNIVERSAL SYSTEM OF FLOOR PROFILES

There are 34 colors matched to the best-selling laminated panels and LVT / RIGID floors in color system, created to fulfill all DIY customer needs.

The offer is directed to self-service points and professionals looking for the perfect color matching.

COLOR SYSTEM is the certainty of a good choice.

PERFECTLY MATCHED PROFILE AND SKIRTING BOARDS

The choice of accessories has never been so simple. Now you can choose a skirting boards and profile in the same color.

COLOR SYSTEM PROFILES are matched to all slats from the INDO, LARS and MACK collections
