## CHROME

High Duty Acoustic Underlay with PE-Damp-Proofing

## 2mm × 1m × 10m ( 10m<sup>2</sup>Roll )

|                           |                         |
|---------------------------|-------------------------|
| Quantity per roll:        | 10m <sup>2</sup>        |
| Roll Size:                | 2mm × 1m × 10m          |
| Sound Improvement:        | Appro × 21db            |
| Underfloor Heating Y/N:   | No                      |
| Compressive Strength:     | Good                    |
| Heat Transfer Resistance: | 0.09 k/w m <sup>2</sup> |
| Thermal Insulation:       | Medium                  |

- ◆ BEST SOUND-PROOF
- ◆ 100% VAPOUR BARRIER
- ◆ 100% ELECTRIC INSULATION
- ◆ 100% MOLD AND MILDW RESISTANT
- ◆ 100% HEALTH AND ENVIRONMENTAL

### FEATURES INCLUDE:

#### Fast and Easy Installation

Install underlay quickly and easily with attached lip. No more hassle of using multiple products.

#### Advanced Sound Absorption

Reduces noise levels within and below a room. Helps eliminate hollow sounds and noisy floors.

#### Superior Moisture Protection

Full moisture barrier with extra thick pad protects floors from moisture and vapour damage. May be installed over all types of sub-flooring and concrete.

#### Lasting Support

Protects the structural stability of your floor and prevents it from sagging and buckling.

#### Mould and Mildew Resistant

Closed cell technology and vapour barrier prevent the growth of mould and mildew.

#### Patented Technology

The Absolute patent is the original and best underlay system on the market.
