

VISTA

WARM

High Duty Radiant Heating Underlay with PE-Damp-Proofing

2mm × 1m × 10m (10m²Roll)

Quantity per roll:	10m ²
Roll Size:	2mm × 1m × 10m
Sound Improvement:	Appro × 20db
Underfloor Heating Y/N:	Yes
Compressive Strength:	Good
Heat Transfer Resistance:	0.02 k/w m ²
Thermal Insulation:	Low

- ◆BEST RADIANT HEATING
- ◆GOOD SOUND-PROOF
- ◆100% VAPOUR BARRIER
- ◆100% ELECTRIC INSULATION
- ◆100% HEALTH AND ENVIRONMENTAL

FEATURES INCLUDE:

Fast and Easy Installation

Install underlay quickly and easily with attached lip. No more hassle of using multiple products.

Advanced Sound Absorption

Reduces noise levels within and below a room. Helps eliminate hollow sounds and noisy floors.

Superior Moisture Protection

Full moisture barrier with extra thick pad protects floors from moisture and vapour damage. May be installed over all types of sub-flooring and concrete.

Lasting Support

Protects the structural stability of your floor and prevents it from sagging and buckling.

Mould and Mildew Resistant

Closed cell technology and vapour barrier prevent the growth of mould and mildew.

Patented Technology

The Absolute patent is the original and best underlay system on the market.
